

ASSOCIAÇÃO BRASILEIRA DE
SHUFFLEBOARD

Brazil Report - ISA 2018

Niteroi, May 22nd, 2018

Shuffleboard keeps going forward in Brazil.

Besides the financial problem, the last World Championship was very good for the Brazilian Shuffleboard Association. We have made several new friends and supporters because of the event. We maintain contact with the City's Seniors Commission and Sports Commission, and we make promotional events and demonstrations in public parks, at least twice per month.

We have updated our constitution that was the same since our establishment.

We lend part of our courts and equipment to clubs, schools and resorts, so that more people get to know the game.

The players from Niteroi meet every week to have fun playing shuffleboard.

The ABS wishes everyone a great World Championship in High River, Canada.

Kind regards,

Bernar Borges
ABS President
