

ISA HALL OF FAME REPORT

Sept.25,2021

By KBrennan (Curator)

Since I took over this job from Pam, I made a collage of pictures from High River and hung it up

Made a collage of Vienna and hung it up

I have taken a picture of every country's cubical, as it is currently standing.

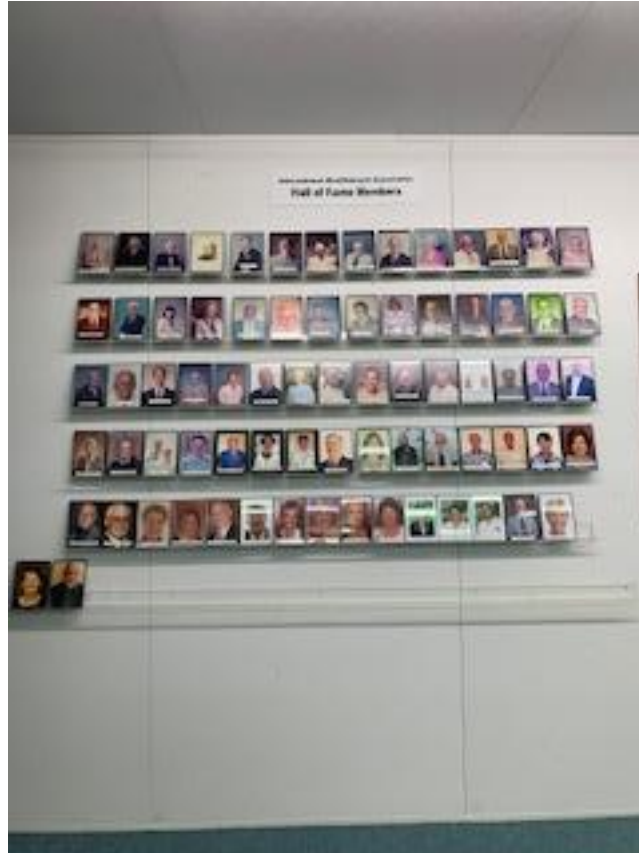

This will give you an idea of what your country cubical looks like and if you have comments or suggestions or additions, please contact me.

I installed a new shelf on the HOF wall because it was needed to accommodate the new members.

At this time, I will try to contact Bob Jones, Ellen Hanson, Mats-Graff-Wang and Michael Hirsch to send me a 5x8 picture because the ones on the ISA Web site are too small for me to use.

During the pandemic, the city of Clearwater put a new roof on the hall of fame rooms. Hopefully this will solve the leaking roof.

Stay safe, healthy, and Covid Free, and with god's speed we will all be able to meet in Ingersoll, Ontario, Canada in 2022.

Thanks,

Kbrennan
