

## Brazil Report 2019

Shuffleboard keeps developing in Brazil.

The Brazilian Shuffleboard Association maintain contact with the City's Seniors Commission and Sports Commission, and we make promotional events and demonstrations in public venues at least once per month.

We also lend part of our roll out courts and equipment to clubs, schools and resorts, so that more people get to experience the game.

The players from Niteroi meet every week to have fun playing shuffleboard.

The ABS wishes the participants a wonderful World Championship in Vienna, Austria.

Kind regards,

**Bernar Borges - ABS President**
