

JAPAN NATIONAL SHUFFLEBOARD ASSOCIATION

10 years has passed since the establishment of Forest Tsuzuki Shuffleboard Club in Yokohama and the organizational reform of the Japan National Shuffleboard Association as the upper organization.

Meanwhile, the revision of game rules and the reconsideration of the games were conducted and which led to improvements in the quality of the competitions as a result of thorough guidance on rules and manners at each club.

2019, we will celebrate 40years since the introduction of shuffleboard as competitive sports.

In the year of the commemoration of the 40th anniversary of the establishment of JNSA, we remember a meaning of fundamental philosophy raised by Mr. Yoshio Kosai (one of the founders of JNSA) “Deepen mutual understanding among members, strive for international goodwill, I am aiming that all shufflers in the world live out their remaining years a healthy life both mentally and physically through shuffleboard competition.”

Based on this assumption, I expect understanding each other without self-assertion, sharing the joy that deepened friendship with many friends, making it an opportunity to make our life more fun and meaningful by making the remaining life happy.
