

HOF Curator Report

Last year I presented you with pictures of the HOF and since it is relatively the same, I am not sending any photos this year. Since you are in St. Petersburg, you may want to see the HOF in person. It is just a short drive away.

The HOF room was house cleaned in March. Everything was wiped down, and it looks good.

I have received the portrait photos of this year's winners and hope to have them in place by October.

Sincerely,

Kathy Brennan ISA HOF Curator
