

German Shuffleboard Association e.V.

Annual Report 2023

GSA had a remarkable success at the 2022 World Cup in Canada. The men's team won gold and the women's team won the bronze medal.

After Covid was slowly overcome at the end of the year, regular training and play resumed. It was particularly pleasing that a European Championship could be held again after 2019.

The championship took place in March 2023 in Travemünde on the Baltic Sea, where 48 participants from Austria, Norway, UK and Germany met and spent a great time together. Training, meet & greet, 2 tournament days and the traditional award dinner strengthened existing friendships and created new ones.

Irene Hoffmanns won in the women's category and Torben Hussmann won in the men's category.

The German shufflers are especially looking forward to traveling to the World Championship in St. Pete, Florida again this year after 2013 and to see many friends again.
